Support

Dear Friends,
dear Jeremy,

Relations between our countries and our parties have been exceptionally strong over the past decades. It is in our common interest to maintain these close ties especially during these difficult times.

This letter is to stress our support for finding solutions beyond a hard Brexit. It is also not without concern that we might see our sister party paving the Prime Ministers way into a last minute deal in Parliament.

It is clear: We are all in uncharted territory, especially thinking about post 29 March scenarios. But we would like to make clear that we are willing to do our best saving citizens' and especially workers' rights, peace in Northern Ireland and solidarity within Europe.

After the two years of experience of Brexit reality and campaign lies it absolutely is a sign of trust to give the British people another say on this dramatic decision during a second referendum.

We will welcome and support this step and do our utmost to achieve necessary decisions in Brussels.

Best regards
